## In-demand features

User-centric design puts the features your students and faculty demand right into their workflow.

- Use the **Highlight** feature to organize important sections — in multiple colors.
- Keep track of your thoughts with **Notes**. Keep them to yourself, or share with others.
- Connected to your contemporary, periodical holdings via **InterLink** technology to increase exposure and usage.

- Create bibliographies as sources are collected, at the article or section level, with parenthetical **citation** tools.
- High-contrast, mobile-friendly **design** puts the emphasis on content, with a consistent look, no matter the device.
- Now not a good time? **Download** the PDF to your eReader or the MP3 to your device.
