Gale OneFile Periodical Collections provides what twenty-first century researchers expect: instant access to complete, up-to-date content on virtually any topic. With intuitive searching that mirrors everyday internet searches and easy-to-use features and tools, users are able to tap into quality sources when they need them.

**PLATFORM FEATURES & TOOLS**

**INTEGRATED COLLABORATION TOOLS**
Easily access, share, and save content with G Suite for Education and Microsoft Office 365 tools.

**LISTEN**
Make content more accessible with audio versions of any article, and download for anytime listening.

**CITATION TOOLS**
Automatically generate APA, MLA, Chicago, and Harvard citations and export to EasyBib, NoodleTools, ProCite, and more.

**TRANSLATION**
Translate Gale content into 40 languages on demand; some include audio as well.

**LISTEN**
Make content more accessible with audio versions of any article, and download for anytime listening.

**CITATION TOOLS**
Automatically generate APA, MLA, Chicago, and Harvard citations and export to EasyBib, NoodleTools, ProCite, and more.

**SMARTER SEARCH RESULTS**
Provide important evaluative information to support successful user outcomes and help users discover relevant content.

**POWER SEARCH**
Allows you to combine your Gale database resources, including Gale ebooks, into a single, cross-searchable experience.

**TOPIC FINDER**
By grouping commonly occurring themes, this tool reveals hidden connections between search terms—helping shape the research experience by integrating relevant information.

**SHARE LINK**
Copy persistent URLs at the article level to embed in course syllabi, e-newsletters, LibGuides, etc.

**NOTES & HIGHLIGHTS**
Select and highlight text, add notes, and export so users can keep just the content they need.

**LMS INTEGRATION**
Expand access and increase discovery at schools and academic institutions by allowing educators to access and embed Gale content within their learning management system (LMS).

**WORKFLOW TOOLS**
Integrated workflow tools and search capabilities change how researchers discover information. Help users explore and analyze content with tools that naturally fit into their research workflow.
GALE ACADEMIC ONEFILE
Connect learners to the information they’re looking for with tools that make discovery fast and easy. Our premier periodical resource, Gale Academic OneFile, provides millions of articles from over 19,000 scholarly journals and other authoritative sources—including thousands of podcasts and transcripts from NPR and CNN as well as videos from BBC Worldwide Learning.

Researchers are able to find accurate information and articles in both PDF and HTML formats with ease. This resource provides extensive coverage in key subject areas, such as biology, chemistry, criminal justice, economics, environmental science, history, marketing, political science, and psychology.

Gale Academic OneFile is strongly focused on the undergraduate researcher. Unique among competitors, this resource allows users to browse by discipline from the home page and contains peer-reviewed scholarly journal content indexed in Google Scholar.

GALE GENERAL ONEFILE
Gale General OneFile provides access to an unprecedented number of general reference magazines and key serials in a single resource. Users can rely on Gale General OneFile for instant access to nearly 14,000 periodicals, newspapers, reference books, and multimedia sources, along with over 200,000 images, 3,300 audio files, and thousands of videos.

The database is particularly useful to users conducting general reference queries, business searches, and current event research. The addition of a browse-by-subject feature allows users to easily view content of interest on the most popular and most-searched topics within several distinct categories, including news and current events, health, and computers and technology.

GALE ONEFILE: NEWS
This innovative, full-text newspaper resource allows users to search articles instantly by title, headline, date, author, newspaper section, or other fields. Gale OneFile: News provides access to more than 3,000 major U.S. regional, national, and local newspapers as well as leading titles from around the world. It also includes thousands of images, radio and TV broadcasts, and transcripts.

GALE ACADEMIC ONEFILE SELECT
Covers everything from art and literature to economics and the sciences. This resource for academic research integrates the full text of publications from across the disciplines and includes vocational and technical titles used by community college students, filling a specific need for curriculum-oriented collections. Gale Academic OneFile Select provides indexing for more than 5,500 periodicals—over 3,600 of which are in full text, without any embargo. The combination of full-text scholarly journals and select general interest titles is ideal for smaller academic libraries.

GALE ONEFILE: INFORME ACADÉMICO
Meets the research needs of Spanish-speaking users with a wide range of full-text Spanish- and Portuguese-language scholarly journals and magazines both from and about Latin America. Gale OneFile: Informe Académico provides quality reference material—not simply translations of English-language materials—on an interface configured for Spanish speakers, allowing researchers to analyze topics and conduct research in Spanish.

GALE ONEFILE: HEALTH AND MEDICINE
Includes information created specifically for students, knowledgeable consumer health researchers, and healthcare professionals. This database is the perfect resource for up-to-date information on a complete range of health-care topics. With more than 3,100 embargo-free, full-text periodicals; reference books; pamphlets; and thousands of videos; it ensures that researchers receive current, scholarly, comprehensive answers to health-related questions.

GALE ONEFILE: HIGH SCHOOL EDITION
Provides access to age-appropriate, authoritative digital content for middle- and high-school students to use for classroom assignments. Learners can research magazines, journals, newspapers, and reference books covering a range of subjects—from science, history, and literature to political science, sports, and environmental studies.

“Put the world’s leading journals and reference sources into the hands of your users. Our three most popular collections house the widest selection of resources for learners at every level.

Content features include full-text articles, careful editorial curation, a low-to-no embargo rate, and detailed manual indexing.

“...Students want to find exactly what they need, as complete as possible, so they don’t feel like they’re wasting their time.”
— Gale Academic OneFile User
GALE ONEFILE: AGRICULTURE
Provides access to thousands of covering agriculture and its related fields. Researchers can access current and authoritative periodical content, providing a selection of practical aspects of farming to cutting-edge scientific research in horticulture.

GALE ONEFILE: BUSINESS
Contains full-text coverage of all business disciplines, including accounting, economics, finance, marketing, management, and strategy, and business theory and practice. Users will understand the activities of companies and industries through more than 4,000 leading business and trade publications, which are updated daily.
