PLATFORM FEATURES & TOOLS

Gale OneFile Periodical Collections provides what twenty-first century researchers expect: instant access to complete, up-to-date content on virtually any topic. With intuitive searching that mirrors everyday internet searches and easy-to-use features and tools, users are able to tap into quality sources when they need them.

INTEGRATED COLLABORATION TOOLS

Easily access, share, and save content with G Suite for Education and Microsoft Office 365 tools.

WORKFLOW TOOLS

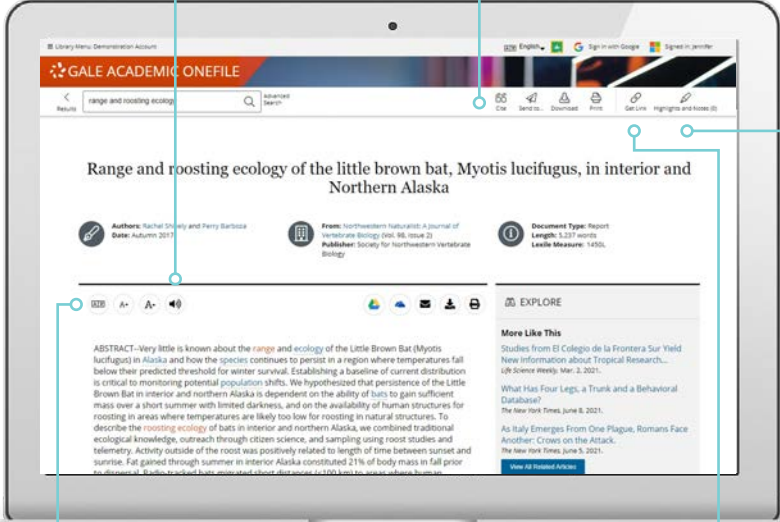

Integrated workflow tools and search capabilities change how researchers discover information. Help users explore and analyze content with tools that naturally fit into their research workflow.

LMS INTEGRATION

Expand access and increase discovery at schools and academic institutions by allowing educators to access and embed Gale content within their learning management system (LMS).

LISTEN
Make content more accessible with audio versions of any article, and download for anytime listening.

CITATION TOOLS
Automatically generate APA, MLA, Chicago, and Harvard citations and export to EasyBib, NoodleTools, ProCite, and more.

NOTES & HIGHLIGHTS
Select and highlight text, add notes, and export so users can keep just the content they need.

LANGUAGE TRANSLATION
Translate Gale content into 40 languages on demand; some include audio as well.

SHARE LINK
Copy persistent URLs at the article level to embed in course syllabi, e-newsletters, LibGuides, etc.

SMARTER SEARCH RESULTS

Provide important evaluative information to support successful user outcomes and help users discover relevant content.

SINGLE SIGN-ON

Access with a single sign-on through popular services, like Google, Microsoft, *ClassLink*, and *Clever*.

POWER SEARCH

Allows you to combine your Gale database resources, including *Gale eBooks*, into a single, cross-searchable experience.

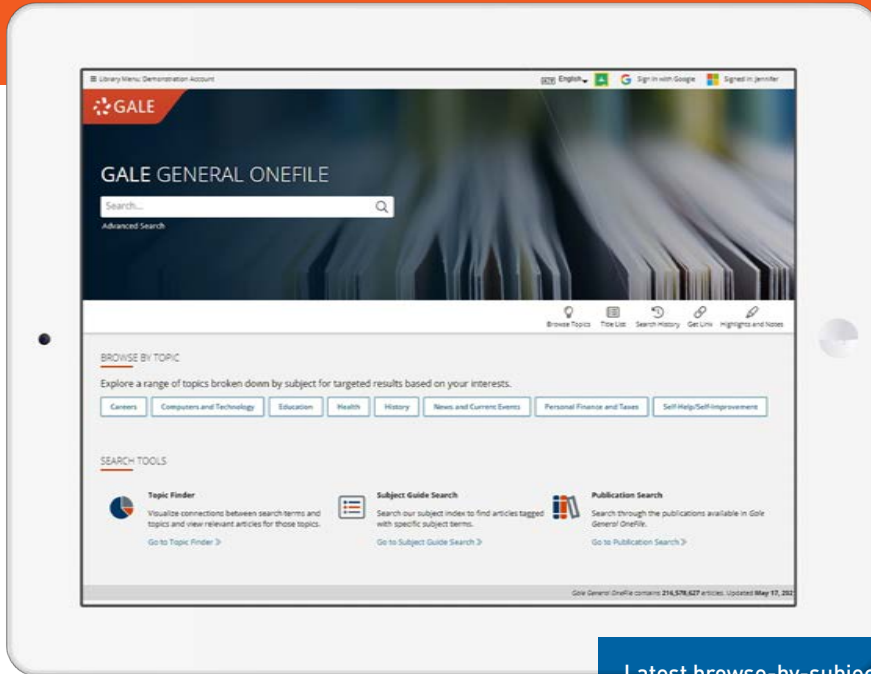

TOPIC FINDER

By grouping commonly occurring themes, this tool reveals hidden connections between search terms—helping shape the research experience by integrating relevant information.

Topic Finder

PERIODICAL RESOURCES FOR EVERY USER

Latest browse-by-subject feature included in *Gale General OneFile*.

Put the world's leading journals and reference sources into the hands of your users. Our three most popular collections house the widest selection of resources for learners at every level.

Content features include full-text articles, careful editorial curation, a low-to-no embargo rate, and detailed manual indexing.

GALE ACADEMIC ONEFILE

Connect learners to the information they're looking for with tools that make discovery fast and easy. Our premier periodical resource, *Gale Academic OneFile*, provides millions of articles from over 19,000 scholarly journals and other authoritative sources—including thousands of podcasts and transcripts from NPR and CNN as well as videos from BBC Worldwide Learning.

Researchers are able to find accurate information and articles in both PDF and HTML formats with ease. This resource provides extensive coverage in key subject areas, such as biology, chemistry, criminal justice, economics, environmental science, history, marketing, political science, and psychology.

Gale Academic OneFile is strongly focused on the undergraduate researcher. Unique among competitors, this resource allows users to browse by discipline from the home page and contains peer-reviewed scholarly journal content indexed in Google Scholar.

“It's all really about efficiency . . . Students want to find exactly what they need, as complete as possible, so they don't feel like they're wasting their time.”

— *Gale Academic OneFile User*

GALE GENERAL ONEFILE

Gale General OneFile provides access to an unprecedented number of general reference magazines and key serials in a single resource. Users can rely on *Gale General OneFile* for instant access to nearly 14,000 periodicals, newspapers, reference books, and multimedia sources, along with over 200,000 images, 3,300 audio files, and thousands of videos. The database is particularly useful to users conducting general reference queries, business searches, and current event research. The addition of a browse-by-subject feature allows users to easily view content of interest on the most popular and most-searched topics within several distinct categories, including news and current events, health, and computers and technology.

GALE ONEFILE: NEWS

This innovative, full-text newspaper resource allows users to search articles instantly by title, headline, date, author, newspaper section, or other fields. *Gale OneFile: News* provides access to more than 3,000 major U.S. regional, national, and local newspapers as well as leading titles from around the world. It also includes thousands of images, radio and TV broadcasts, and transcripts.

GALE ACADEMIC ONEFILE SELECT

Covers everything from art and literature to economics and the sciences. This resource for academic research integrates the full text of publications from across the disciplines and includes vocational and technical titles used by community college students, filling a specific need for curriculum-oriented collections. *Gale Academic OneFile Select* provides indexing for more than 5,500 periodicals—over 3,400 of which are in full text, without any embargo. The combination of full-text scholarly journals and select general interest titles is ideal for smaller academic libraries.

GALE ONEFILE: HEALTH AND MEDICINE

Includes information created specifically for students, knowledgeable consumer health researchers, and health-care professionals. This database is the perfect resource for up-to-date information on a complete range of health-care topics. With more than 3,100 embargo-free, full-text periodicals; reference books; pamphlets; and thousands of videos; it ensures that researchers receive current, scholarly, comprehensive answers to health-related questions.

GALE ONEFILE: INFORME ACADÉMICO

Meets the research needs of Spanish-speaking users with a wide range of full-text Spanish- and Portuguese-language scholarly journals and magazines both from and about Latin America. *Gale OneFile: Informe Académico* provides quality reference material—not simply translations of English-language materials—on an interface configured for Spanish speakers, allowing researchers to analyze topics and conduct research in Spanish.

GALE ONEFILE: HIGH SCHOOL EDITION

Provides access to age-appropriate, authoritative digital content for middle- and high-school students to use for classroom assignments. Learners can research magazines, journals, newspapers, and reference books covering a range of subjects—from science, history, and literature to political science, sports, and environmental studies.

GALE ONEFILE: AGRICULTURE

Provides more than 600 journals covering agriculture and its related fields. Researchers can access current and authoritative periodical content that spans the industry—from practical aspects of farming to cutting-edge scientific research in horticulture. This collection contains over 30 Delmar titles and puts strong emphasis on titles covered in the Agricola database.

GALE ONEFILE: BUSINESS

Contains full-text coverage of all business disciplines, including accounting, economics, finance, marketing, management and strategy, and business theory and practice. Users will understand the activities of companies and industries worldwide through more than 4,000 leading business and trade publications, which are updated daily. Complementing these titles is a selection of international, U.S., and regional news publications.

GALE ONEFILE: COMMUNICATIONS AND MASS MEDIA

Meets the needs of researchers with articles from over 600 titles covering all aspects of the communications field, including advertising, public relations, linguistics, and literature.

GALE ONEFILE: COMPUTER SCIENCE

Provides access to leading business and technical publications in the computer, telecommunications, and electronics industries. The database includes more than 1,200 journals and periodicals, providing information on computer-related product introductions, news and reviews in areas like hardware, software, electronics, engineering, communications, and the application of technology.

**GALE ONEFILE: CONTEMPORARY WOMEN'S ISSUES**

Offers comprehensive coverage of issues that influence women's lives across the globe. The database provides access to current full text and pertinent back file from more than 2,000 titles. Users will find timely and historically relevant content on topics including civil rights, health, education, professional development, and entrepreneurship.

GALE ONEFILE: CPI.Q

Provides the most-requested Canadian reference information available. This award-winning electronic version of the Canadian Periodical Index includes more than 1,500 Canadian periodicals (over 800 full text) indexing from 1980 onward, full-text articles from 1983 onward, *The Globe and Mail*, *Maclean's* weekly magazine, and even travel handbooks from Fodor's for Canadian destinations. It yields a variety of relevant periodical articles, biographies, company profiles, historical documents, science and technology essays, and more.

**GALE ONEFILE: CRIMINAL JUSTICE**

Informs the research process for researchers who are studying law, law enforcement, or terrorism; training for paralegal service; preparing for a career in homeland security; delving into forensic science; investigating crime scenes; developing policy; going to court; writing sociological reports; and much more. This collection makes research easy by bringing together information from nearly 800 journals.

**GALE ONEFILE: CULINARY ARTS**

Offers a variety of information from more than 400 major cooking and nutrition magazines as well as book reference content from Delmar, such as *Introduction to Catering*; *Advanced Bread and Pastry*; and *Eat Fit, Be Fit*.

**GALE ONEFILE: DIVERSITY STUDIES**

Prepares researchers for social science, history, and liberal arts coursework. This collection explores cultural differences, contributions, and influences in the global community. Includes more than 300 titles, updated daily.

**GALE ONEFILE: ECONOMICS AND THEORY**

Offers a strong emphasis on titles covered in the EconLit bibliographic index. With nearly 1,800 titles, this content is useful for starting a business, marketing a product, developing policy, analyzing trends, constructing economic models, investing for the future, researching rates, and more.

GALE ONEFILE: EDUCATOR'S REFERENCE COMPLETE

With more than 1,300 periodicals, this collection is a great resource for a variety of educators—from teachers and administrators to those studying in the field at the collegiate and graduate level. It seeks to provide full text for titles in the ERIC database and covers multiple levels of education and every educational specialty, such as technology, bilingual education, health education, and testing. Also provides insight on issues in administration, funding, and policy.

GALE ONEFILE: ENTREPRENEURSHIP

Provides insights, tips, strategies, and success stories for business schools and entrepreneurs. Updated daily, this database contains more than 500 subject-appropriate, full-text periodicals, including *Beverage Industry*, *The Economist*, *Global Journal of Entrepreneurship*, *HR Magazine*, *Real Estate Weekly*, *Restaurant Business*, *Tea & Coffee Trade Journal*, and more.

GALE ONEFILE: ENVIRONMENTAL STUDIES AND POLICY

Answers inquiries about environmental concerns with coverage from more than 900 titles, including book reference content from Delmar: *Soil Science and Management*; *Introduction to Agronomy: Food, Crops, and Environment*; *Fundamental Soil Science*; and more. Includes diverse perspectives from the scientific community, governmental policymakers, and corporate interests.

GALE ONEFILE: FINE ARTS

Gale OneFile: Fine Arts places millions of articles at the fingertips of serious students of drama, music, art history, and filmmaking. The database includes over 500 journals, with more than 400 available in full text.

**GALE ONEFILE: GARDENING AND HORTICULTURE**

Focuses on the practical aspects and the scientific theory of horticulture studies. This database offers biotechnologists, farmers, hobbyists, and landscape architects access to important content relevant to their pursuits.

**GALE ONEFILE: GENDER STUDIES**

Provides balanced coverage of this significant aspect of culture and society. This database includes topics related to gender studies, family and marital issues, and more.

GALE ONEFILE: HOME IMPROVEMENT

Places the research of hobbyists and professionals on a solid foundation, with articles from more than 200 home improvement–focused titles. Covers topics such as architectural techniques, tool and material selection, zoning requirements, and more.

GALE ONEFILE: HOSPITALITY AND TOURISM

Provides access to topics including the cultural and economic aspects of travel and tourism. This database offers current and relevant content on both the historical and current state of affairs in the hospitality and tourism industries.

GALE ONEFILE: INFORMATION SCIENCE

Contains valuable content for library science students, information science students, technology professionals, and others. It is updated daily with articles covering all aspects of managing and maintaining information and technology, including usability, cataloging, circulation, business information, and more.

GALE ONEFILE: INSURANCE AND LIABILITY

Addresses concerns over the protection of assets, physical or intellectual, ranging from the individual property owner to multinational corporations. This collection connects researchers to hundreds of thousands of updated articles from leading journals, including *Claims Journal*, *Insurance Business*, *Pensions & Investments*, *Risk Management*, and more.

GALE ONEFILE: LEADERSHIP AND MANAGEMENT

Provides access to authoritative periodical content covering such topics as twenty-first century skills, organizational dynamics and leadership, adult learning and continuing education, and more. Updated daily, this library resource is useful for researchers or any professional interested in career development.

GALE ONEFILE: LEGALTRAC

Provides indexing for more than 2,000 major law reviews, legal newspapers, specialty publications, Bar Association journals, and international legal journals, and includes over 300 titles in full text. The American Association of Law Libraries not only endorses *Gale OneFile: LegalTrac*, its special advisory committee selects, reviews, and enhances the content of this resource. This database offers coverage of federal and state cases; laws and regulations; legal practice and taxation; and British Commonwealth, European Union, and international law.

GALE ONEFILE: MILITARY AND INTELLIGENCE

Contains scholarly journals, magazines, and reports covering all aspects of past and present military affairs. Updated daily, content supports key subject areas, such as governmental policies, the socioeconomic effects of war, the structure of the armed forces, and more.

GALE ONEFILE: NURSING AND ALLIED HEALTH

Includes full-text titles cited in CINAHL to support specialized care, treatment, and patient management. This resource helps nursing professionals working in the field as well as students studying a nursing-focused curriculum.

GALE ONEFILE: PHYSICAL THERAPY AND SPORTS MEDICINE

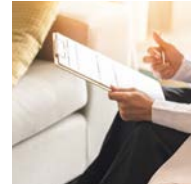

Covers the fields of physical therapy, physical fitness, and sports medicine. This database offers a wide spectrum of information, including proven treatment techniques, experimental research, and more.

GALE ONEFILE: POP CULTURE STUDIES

Analyzes and contributes to popular culture by offering useful information for researchers in social science, history, art, and liberal arts courses.

GALE ONEFILE: POPULAR MAGAZINES

Provides access to the most-searched magazines across the *Gale OneFile* products. All of the titles are selected based on actual publication searches performed by library patrons.

GALE ONEFILE: PSYCHOLOGY

Supports research in all fields of psychology: abnormal, biological, cognitive, comparative, developmental, personality, quantitative, social, and all areas of applied psychology. Researchers, psychologists, counselors, and behavioral scientists will discover relevant information from the thoughts, views, discoveries, and reports found in this comprehensive collection.

GALE ONEFILE: RELIGION AND PHILOSOPHY

Covers topics of philosophies and religions in one comprehensive collection. Researchers will gain valuable insight about the impact religion has had on culture throughout history, including literature, arts, and language. Updated daily, this resource supports a broad range of topics from theological approaches to social issues.

GALE ONEFILE: SCIENCE

Provides information on the latest scientific developments in particle physics, advanced mathematics, nanotechnology, geology, and many other areas. More than 400 full-text, nonembargoed journals are included. Updated daily, this collection has articles to satisfy almost every scientific inquiry and keep researchers current. Key subjects include the biological sciences, computing, engineering, and technology.

GALE ONEFILE: U.S. HISTORY

Contains scholarly journals and magazines that can be used by novice historians as well as advanced academic researchers. Updated daily, this resource offers balanced coverage of events in U.S. history and scholarly work being established in the field.

GALE ONEFILE: VOCATIONS AND CAREERS

Aids users in researching a vocation, finding an appropriate institution of learning, job searching, and maintaining a career. This database offers hundreds of current and applicable periodicals ranging from general career guides to highly specialized industry journals.

GALE ONEFILE: WAR AND TERRORISM

Contains millions of articles to help researchers gain valuable insight into conflicts and their causes, impact, and perception on a global scale. This definitive collection for analysts, risk management professionals, and students of military science, history, and social science is comprised of more than 200 subject-appropriate, full-text periodicals that are updated daily.

GALE ONEFILE: WORLD HISTORY

Provides access to scholarly journals and magazines for use by novice historians and advanced academic researchers. This database offers balanced coverage of events in world history and scholarly work being established in the field.

Gale, here for **everyone.**

“The search interface is clean, sleek, and intuitive. Similar to internet searching, the tools provide a variety of output options, and the citation features always capture the students’ attention!”

— Christina Chester-Fangman, Coordinator of Research & Instruction
— Michael Hooper, Electronic Resources Librarian

Woodward Library, Austin Peay State University, TN
