## WHAT SCHOOLS ARE SAYING

*We can never underestimate the mental health needs of our students. As educators, we must provide the best materials and resources for every student. Offering Cameron's Collection to our students, parents, teachers, and staff 24/7 is a step in the right direction.*

—Julia Desalernos,  
Library Media Teacher, Stauffer Middle School, California

*I have a lot of students who quietly ask me for a book about depression, for instance, and I show them how to use these eBooks. Privacy is so important. A kid who's exploring their mental health, dealing with cyberbullying or researching depression doesn't necessarily want to walk around with a book.*

—Anne Ernst,  
Library Media Specialist, Charlottesville High School, Virginia
