

START CHILDREN ON A PATH TO DISCOVERY

As technology becomes central to information literacy, lifelong learning means knowing how to use digital tools to find answers. *Gale In Context: Elementary* gives kids a head start. More than a supplemental resource, our kid-friendly database provides young learners with a supportive place to search for answers and explore their interests—inside and outside of the classroom.

Part of the *Gale In Context* suite of databases, *Gale In Context: Elementary* effectively scaffolds the research experience. Common design makes it easy for students to grow with Gale and build their research skills slowly as they progress to databases like *Gale In Context: Middle School* and *Gale In Context: High School*. With engaging content that supports school curriculum, learning stays exciting—exactly as it should be!

BE A CHAMPION FOR YOUNG LEARNERS

ENCOURAGE STUDENT CURIOSITY

Rich visuals enhance learning and exploration. “I Wonder . . .” questions, fun facts, and a visual topic tree encourage students to explore freely and select topics that appeal to them. The “I Wonder . . .” question is updated daily and located on the home page to encourage engagement and inquisitiveness.

ACCESS TRUSTED, AGE-APPROPRIATE CONTENT

Continuously updated content matches to elementary-level curricula and fits the needs of today’s young learners. Includes full-text proprietary content from authoritative publishers like Encyclopaedia Britannica, Blackbirch Press, KidsPost from the Washington Post, Youngzine, and more.

INTRODUCE PROPER RESEARCH SKILLS

Organised topic pages, citation tools, leveled content, and a simplified interface create the ideal environment to introduce young students to research with appropriate guidance.

“I love the browsing ability that comes with *Gale In Context: Elementary*. Introducing our students to research and synthesis skills using topics they are interested in results in much deeper engagement compared to assigning students a research topic while attempting to teach these difficult skills.”

MASTER WORKFLOW

Expand access and increase discovery by integrating Gale resources into your learning management system. Add to that the power of **G Suite for Education** and **Microsoft Office 365** tools, which enable users to easily share, save, and download content—including highlights and notes.

Product screen capture as of March 2020. Actual interface may vary.

CLASSROOM LEARNING SIMPLIFIED

POWERFUL PLATFORM TOOLS

Accommodate diverse backgrounds with ReadSpeaker text-to-speech technology and on-demand article translation into over 20 languages—on-screen and read aloud.

RICH CONTENT

Search through over 16,600 indexed images, 600 videos, and 1,700 charts and graphs.

SEARCH FUNCTIONS

Search by Lexile range or find content based on basic, intermediate, or advanced learning levels to support differentiated learning styles.

TOPIC PAGES

Provide students with short, age-appropriate summaries of topics and help them organise resources for easy use in research projects.

GET THE MOST OUT OF YOUR RESOURCES

The *Gale In Context* suite of student databases meets the needs of today's learners with a user-friendly, mobile-responsive design. Eye-catching, engaging, topical resources provide current, trustworthy, media-rich content that seamlessly integrates with curriculum-aligned materials that span core subject areas.
