The Making of Modern Law:
Trials, 1600-1926

Number of pages
Over 1.9 million
This fully searchable digital archive provides access to unofficially published accounts of trials: official trial documents, official records of legislative proceedings, administrative proceedings, and arbitration sessions. It traces the details of the courtroom in America, the British Empire, and the world, covering topics including: adultery, commercial law, constitutional law, duelling, elections, impeachment, international law, land, military offenses, murder, sexuality, slavery, torts, treason, and wills.
