The Making of the Modern World:
Part II: 1851-1914

Number of pages
Over 1.2 million
This fully searchable digital archive provides access to monographs, reports, correspondence, speeches, and surveys tracing the progress of 19th century nations’ rapidly changing economies. Coverage includes 19th century economic systems, social reform, and the increased interest in theories of valuation and foreign exchange rates. Through this archive, you can explore social, economic, and business history, as well as political science, technology, industrialization, and the birth of the modern corporation.
