Nineteenth Century Collections Online: Mapping the World: Maps and Travel Literature

Various source media, Nineteenth Century Collections Online: Mapping the World: Maps and Travel Literature
This fully searchable digital archive provides access to geographical images from all areas of the globe, covering the evolution of travel and transportation, societal values, interests, colonialism, and exploration. The 19th century encompassed tremendous growth in maps and map making as the field of cartography gained visibility and professional standards, as people ventured further from traditional population centres, creating a greater demand for accurate maps.
