Nineteenth Century Collections Online: Religion, Spirituality, Reform, and Society
This fully searchable digital archive provides access to documentary materials that explore religious and philosophical movements in reaction to dramatic changes in culture and society wrought by the industrial revolution and modernity. Topics covered include positivism and anti-positivism, freethinking, the cooperative movement, alternative Christianities, and the application of the social principles of Christianity to everyday life by a variety of denominations, examining the influence of both faith and scepticism on the shaping of many aspects of society.
