Gain thrilling insight into historical events in 19th-century Britain

News at All Levels

19th Century British Library Newspapers offers a wide range of newspapers – including English provincial, Irish, Scottish and English regional newspapers, as well as London national newspapers – spanning Parliamentary reports of English Civil War period, full-text searches of nearly 1 million pages. The combined works have been recognized as one of the most important collections of the English press and an invaluable reference for scholars who study this extraordinary time period.

Now, thanks to a new database – 19th Century British Library Newspapers – readers can easily copy into electronic documents – a feat far simpler than photocopying large, leather-bound volumes. Plus, reading newspapers on screen is actually easier than highlighting and now have the ability to look at specific article sections with greater ease than ever before. Not only can users access the rich, digitized 18th Century Burney Collection Newspapers, they can now also explore the development of the newspaper as we now know it, beginning from the period. This collection helps researchers chart the history of newspapers, offering a rare look into the English press media available, this new online collection will be an asset to any library and to scholars and researchers studying history, literature, British sociology and other related disciplines.

Get a rare look into the English press with this expansive collection

The gripping personal narratives and first-hand accounts of the 1879 cricket match that started the Ashes, the last moments of Lord Nelson, coverage of the battle of Trafalgar, and Jack the Ripper, are currently in a poor physical state, and have been restricted from ordinary reading room use but are available in microfilm. The combined works have been recognized as one of the most important collections of the English press and an invaluable reference for scholars who study this extraordinary time period.

Now, through a partnership with the British Library, Gale is able to bring these rare, restricted documents to researchers and scholars wanting to explore the entire collection. Each page of the collection has been carefully digitized and indexed for a wide audience. Students, faculty and researchers can conduct full-text searches of nearly 1 million pages – approximately 1,270 titles – spanning Parliamentary reports of English Civil War period, important collections of the English press and an invaluable reference for scholars who study this extraordinary time period.

As the single largest collection of 17th and 18th century English news media available, this new online collection offers an asset to any library and to scholars and researchers studying history, literature, British sociology and other related disciplines.
